

# Making Literacy Learning Visible

Featuring  
Kristin Anderson

Participants will:

- Understand the three phases of learning—surface, deep and transfer
- Understand the most effective types of assessment and how each can motivate students to higher levels of achievement
- Learn how to introduce students to the tools they will use to support their own learning
- Understand how to use the right approach at the right time, so you can more intentionally design classroom experiences that hit the surface, deep and transfer phases of learning
